1 individuals?

2 Alexia Rodriguez: No, sir. These children are required to go
3 to Immigration Court. When they are apprehended at the border,
4 their immigration case starts, and we are required to take them
5 to local Immigration Court. And when they get reunified with
6 their parents, they're given a Notice to Appear in Immigration
7 Court in the area where they will be reunified.

8 Commissioner Gregory Johns: Okay. Thank you very much.

9 Chairman Jeff Weber: Mr. Winton, did you have a question?

10 Commissioner Guy Winton: Yeah, thank you. I have a couple.
11 How many of these children are orphans or otherwise have no
12 family ties?

13 Alexia Rodriguez: I don't have that figure with me this
14 evening, but anecdotally I can say a very small percentage.
15 Most of our children are going to their parents or a family
16 member in the United States.

17 Commissioner Guy Winton: Okay. I know you explained that, they
18 enjoy all the things that they're receiving that they didn't
19 receive in their prior life, but are these kids free to leave
20 otherwise?

21 Alexia Rodriguez: No, sir. They're always with a staff member.
22 We're required by law to maintain a certain ratio of staff to
23 child, and that's required by state law as well as by our
24 federal contract with the U.S. government.

25 Commissioner Guy Winton: So they're, in essence, detained,

1 correctly? Is that correct?

2 Alexia Rodriguez: If you want to use that definition, sir,
3 that's true.

4 Commissioner Guy Winton: Well, do you have a different word to
5 use?

6 Alexia Rodriguez: Well, other residential shelters are also
7 required to maintain that child to staff ratio even though they
8 don't partner with the federal government. That's how we run
9 children's programs, children's residential programs under state
10 childcare licensing.

11 Commissioner Guy Winton: And we also have received here and
12 reviewed other state regulated childcare type facilities. Those
13 facilities always required a, there's a formula for required
14 outdoor play area for those kids. How is it that you have a
15 state license to do this without any outdoor play areas?

16 Alexia Rodriguez: We've run a similar program in Pleasant Hill,
17 California in Northern California under very similar
18 circumstances. So as long as we can provide an alternative if
19 it's not onsite, to the child for recreational purposes, the
20 state allows us to operate under the license.

21 Commissioner Guy Winton: Okay. Thank you.

22 Chairman Jeff Weber: Mr. Hale, did you have any further
23 questions?

24 Commissioner Ed Hale: I'd like to go back to the question about
25 whether they're free to leave or not. If they're not free to
